Academic Program
Measuring Scholastic Achievement

Academic Program & Grading

The school year consists of two semesters. A day is composed of nine periods, consisting of forty-one minutes each. The typical course load is six or seven courses. The semester grade is determined by averaging the two quarter grades and the exam grade with each quarter grade counting 2/5 and the exam counting 1/5. For **honors** classes, students earning a grade A+ through C- will receive an additional .5 on their semester average GPA, and for **Advanced Placement (AP)** classes, an additional 1.0 on the semester average GPA.

Class Rank

Senior class rank is computed on the basis of the entire class with credit given for all subjects taken.
